SAVE THE DATE!

Social and Emotional Wellbeing Parent Information Evening will be held on Monday 10th September 2018 at 7pm in the Gallery Space.

At Rozelle Public School we teach the 'Bounce Back' positive wellbeing, resilience and social-emotional program. In order for this program to be effective, it's vital that the school community is involved, and the messages at school and at home are the same. Schools and carers can work together to support the resilience and wellbeing of all students and their families.

This parent seminar with **Rose Pennington** provides parents with:

- information about how to support the development of social and emotional skills,
- practical strategies to guide children through the challenges they face, such as making friends, bullying, and being engaged at school;
- is based upon the Bounce Back program and 7 Steps to Thrive framework and conversation prompts
