NEWS REGARDING THE OOSH TENDER PROCESS

I appreciate that parents, students and OOSH staff have had an anxious wait while the OOSH tender process is being finalised. The committee has done all it possibly could to expedite the process but some aspects are out of our control. As you will understand, the Department of Education needs to conduct an extremely rigorous process for such an important service to school families. I am now able to say that the successful tender applicant will be announced next week and the transition processes will swing into action immediately that announcement is made. I would once again like to thank the two parents and a staff member for their tremendous commitment of time and energy to this process, in collaboration with me, to ensure we get the best possible outcome for our families.
